<b>Suggestions for Improvement:</b>	Liz still did an amazing job when teaching her lessons to the preschoolers. We talked about these topics already...don't overload or provide too many extras in projects, demonstrate what is expected first before jumping into activity, and remember time frame. If the kids are loving one part of the activity continue with the activity, don't think you need to add another activity on top or simplify the added activity to make it shorter! Liz did a great job of keeping the kiddos focused on her lesson! We loved the book Liz read to our class that I had to purchase one for our classroom! Thanks for sharing your lessons!
<b>Overall Rating:</b>	Proficient
<b>Do you believe this practicum student has the knowledge, skills, and attitude required to become an effective student teacher?</b>	Yes
<b>General Comments:</b>	<p>Overall, Liz did an amazing job as a practicum student. She went above and beyond her hours needed! She spoke, emailed, and texted me with any questions, comments, and discussions of her lessons. Liz made adequate adjustments with her interactions when communicating with the preschoolers, if something she asked them was too complicated to understand she reworded her phrases.</p> <p>I liked that Liz took notes during my teaching time and asked questions afterwards. She wasn't afraid to jump in on any task she was given. Liz took the critiques she was given with a positive attitude!</p> <p>Liz walked in on her first day and sat down on the rug with the kids...she was warm, inviting, and passionate for the kids! The kids truly enjoyed having "Miss Liz" in our classroom. She is welcomed back anytime!</p>
